Daniel Abrokwa

Profile

My name is Daniel Osei-Tutu Abrokwa age twenty-one. I'm from Ghana, I am fluent in English. I am a distance student(work and school at the same time) at the premier university of Ghana, in my third year. I have experience and extensive knowledge in Bootstrap, HTML, CSS, Node JS and decent know-how in JavaScript. I am currently learning React-Native for App development. I also do UI/UX for designing and structure. I have prior work experience from other projects such as CPimpact.com

Work Experience

Web Designer & Developer – DigiCliq Media Consults (2020 >

Technologies used: React-Native, Bootstrap, HTML, CSS, Electron JS and JavaScript.

Education

Kofi Annan Institute of Technology (2018 > 2018)

During my time here, I applied for my International Computer Driving Licence (ICDL). Which delt with the basic Microsoft office packages. Such as, Word, Power point, Excel and Access.

University of Ghana School (2018 > Till graduation i.e 2022)

I currently am in my third year, offering IT (information Technology) as my main course and cyber security as my major.
